

There have been many significant achievements in 20 years: DIK have settled into their new Store, using new equipment and have an extra vehicle and a greater capacity to help you help others. DIK wish to highlight what has been achieved in the last 20 years and to thank the individuals and organisations who have made this possible. Rotary Donations in Kind operate in other states conducting similar activities. In 1987 Donations in Kind was established as the national name.

Thank you to the Volunteers

Our volunteers Rotarians and members of the public come from a diverse background and all provide valuable service. Some are regulars, others are casual, or participate though our regular Rotary working bees. All are welcome. They have different passions and interests; some are in touch with those that receive goods, others are more interested in recycling. They all enjoy the pleasure of working with people who care and who are prepared to contribute their time. All leave at the end of the day knowing that someone will benefit because of their effort. We also thank the people who collect goods and deliver them to the Store; their time is additional to the figures above

Thank you to our Donor Organisations

Donors of goods make everything possible. Some we acknowledge publicly and we respect the privacy of others. Increasingly organisations are becoming more involved as they recognise that we will comply with any specific requirements related to their donations. They are aware that their goods will be given to someone in genuine need, for free, in one of the 220 countries where Rotary is established.

Thank you to our Financial Supporters

Without your support to fund the Store and to provide the funds to ship the goods there would be no Store or goods being received. You have given us the confidence to increase our capacity and lease the new building. You are silent partners in every container that is shipped. Our special thanks go to the Rotary Clubs who are members of DIK Inc. who make a substantial annual donation for rent.

Thank you from all the organisations and people who DIK has helped.

Each year thousands of children receive a better education and a better future because you care.

Medical material worth millions avoids dumping to landfill annually, because volunteers make the effort to help others.

Thank you for your support
